

CORONAVIRUS (COVID-19)

Resident Update – AL/HC

May 26, 2020

From the Executive Director

Dear Residents,

On your next walk, you'll notice there's a new addition to our family of Kwanzan Cherry Blossom trees on campus. We purchased the tree to beautify community while supporting the Blossoms of Hope mission to help those with cancer. Thanks, Karen McNamara, Director of Philanthropy, resident Richard Parenti, and Marley, for weathering the rain and planting our new tree!

our

COVID-19 Universal Testing Update

Last week, the Universal Testing mandate by Gov. Hogan initiated the start of COVID-19 testing for residents and team members in Assisted Living and the Health Care Center. So far:

- COVID-19 tests have been administered to 31 residents and 109 team members
- All results are negative.
- Testing continues today for employees. All residents have been tested.

Last week, prior to Universal Testing, we received notification that another team member had tested positive for COVID-19. The team member is self-isolating at home for 14 days. She has not been at Miller's Grant since May 15. We wish her well.

To date, this makes two employees. We have had one resident test positive. The resident and their family remain in our thoughts and prayers. To date, we have no confirmed residential living cases.

Reminder: If you do not feel well and experience the any of the following symptoms, including chills, muscle pain, headache, sore throat, new loss of taste or smell, fever, cough or shortness of breath, contact your nurse.

CORONAVIRUS (COVID-19)

Resident Update – AL/HC

May 26, 2020

From the Executive Director

We continue to stay vigilant following the state and national guidelines and protocols, including social distancing, wearing personal protective equipment when necessary, proper handwashing, and no visitors.

Health care residents are screened three times a day and anyone exhibiting symptoms is placed in isolation. Team members are screened at the start of every shift; anyone showing symptoms are sent home for self-isolation.

Other guidelines remain in place throughout the community, including no visitation; health screening and temperature checks for all essential visitors (end of life care), team members and residents entering the community, social distancing, and group activities and programs are canceled.
