

# Coronavirus (COVID-19)

## Resident and Family Update

Tuesday, August 11, 2020

### From the Executive Director

---

Dear Residents and Family Members,

We are happy to report that there have been no new positive cases since last week. The team member who tested positive during weekly testing has completed the required quarantine period and has been cleared to return to work. This team member is no longer considered an active case. The Independent Living resident who tested positive last week is still receiving care outside of Miller's Grant. The resident continues to be in our thoughts and prayers.

#### Active COVID Cases as of Aug. 11:

Assisted Living Residents: 0

Health Care Residents: 0

Residential Living Residents: 1

Team Members: 0

As indicated, per regulatory requirements, Miller's Grant is conducting weekly testing of Health Care and Assisted Living team members.

Last week, Maryland saw its lowest statewide positivity rate since COVID began; although the state's percentages and results from last week's testing are encouraging, we know there will be more positive cases.

We also know that our strong policies and procedures, which are in place, along with our response to these positive cases are critical to mitigating the spread of these cases. **Each of you play an important role in keeping the community safe. Please do not remove or pull your mask down when traveling throughout the community.**

The following link from the CDC is a great resource for mask usage.

### Visit CDC Website

We remain in close contact with the county and state health departments and continue to stay current on all updates and regulations. In addition, when there are active cases, our leadership team meets daily. When the community has no active cases, we meet at least twice a week. Our COVID task force with LSMMD leadership meets weekly.

Thank you for your continued support. Unless there are new positive cases or new changes, COVID updates will now be monthly.

I will keep you updated on any changes. Please contact me at 410-696-6711 or [LVMGCares@millersgrant.org](mailto:LVMGCares@millersgrant.org) with your questions. You can also call the LVMG Cares Hotline at 410-696-6770.

Take care and be well.

Michelle Rosenheim  
Executive Director
