Coronavirus (COVID-19) and Executive Director Update

Resident, Family and Team Update

June 17th, 2022

From the Executive Director

Dear Independent Living Residents, Family and Team Members,

Residents who experience influenza-like or COVID-19 symptoms, should contact their primary care physician and need to contact the LVMG Cares by phone or email. LVMG Cares is closely monitored, and residents will receive a response.

Since the end of last week, one independent living resident has tested positive. The individual is up to date with his/her vaccinations. Contact tracing was completed, and all are isolating.

The positivity rate for Howard County is 12.35 percent. With the county positivity rate above ten percent and experiencing high community transmissions, **masks are required** for programs and community areas, except when eating or drinking in a dining venue. As community transmissions and positivity percentages decrease, we will re-evaluate.

The following are our community's case counts.

Active Cases:

Residential Living: 1

Health Care: 0

Assisted Living: 0

Team Members: 0

Contact LVMGCares@millersgrant.org or the LVMG Cares Hotline at 410-696-6770 with your questions.

Take care and be well,
Michelle Rosenheim
Executive Director
