Coronavirus (COVID-19) and Executive Director Update

Resident, Family and Team Update

June 24th, 2022

From the Executive Director

Dear Independent Living Residents, Family and Team Members,

I hope all the fathers had a wonderful Father's Day! What a way to welcome back Sunday brunch last week.

A dad has arms to lift high, a heart to love, shoulders to support, a smile to reassure, a hand of blessing to send you out into the world, a warm embrace to welcome you back home. —Keely Chace

COVID-19 Updates

Residents who experience influenza like or COVID-19 symptoms, need to contact the LVMG Cares by phone or email. LVMG Cares is closely monitored, and residents will receive a response. Residents should also contact their primary care physician about their symptoms.

Since the end of last week, three independent living residents have tested positive. The individuals are up to date with their vaccinations. Contact tracing was completed, and all are isolating.

The positivity rate for Howard County is 10.89 percent. With three new independent living residents testing positive and the county positivity rate still above ten percent and experiencing high community transmissions, **masks are required** for programs and all community areas except when eating or drinking in a dining venue.

We are making progress and I am happy to see positivity rates coming down. If community transmissions and positivity percentages decrease further next week and community cases are down, we will re-evaluate.

The following are our community's case counts.

Active Cases:

Independent Living: 3

Health Care: 0

Assisted Living: 0

Team Members: 0

Screening/Accushield

Screening is required for all visitors. Visitors should download the Accushield app for screening ease. A kiosk is located at each entrance. We appreciate visitors for their patience with completing this much needed safety measure.

Contact LVMGCares@millersgrant.org or the LVMG Cares Hotline at 410-696-6770 with your questions.

Take care and be well,
Michelle Rosenheim
