A team member tested positive for COVID-19. Please keep the team member in your thoughts and prayers. Our outbreak status will remain open until there are no new cases during two consecutive weeks. Contact tracing has been completed.

The following are our community's case counts.

The following are reminders of practices and procedures to remain in compliance with the Centers for Medicare and Medicaid Services' guidance and Maryland Department of Health's secretary's orders:

- Visitation is permitted but social distancing is highly encouraged regardless of vaccination status.
- All visitors and team members must wear a mask at all times while in our Health Care Center and assisted living neighborhood regardless of vaccination status.

- Visitors who are experiencing any symptoms, listed on the [Centers for Disease Control and Prevention's website](#), should refrain from visiting their loved ones.
