

Director of Health Care Services Update

TO: All Residents, Responsible Parties of Assisted Living and Health Care Center Residents, and Team Members
FROM: Nicole Scherr, Director of Healthcare Services
DATE: Thursday, Jan. 25
SUBJECT: Assisted Living and Health Care Center COVID-19 Update

Since my last update, another team member who works in assisted living and the Health Care Center has tested positive for COVID-19. Please keep the team member in your thoughts and prayers. This means our outbreak status will remain open until there are no new cases for two consecutive weeks. Contact tracing has been completed.

The current weekly respiratory virus-associated hospitalization rates including COVID-19, influenza and RSV is 9.2. The Maryland Department of Health highly encourages the community to wear masks if the rate is above 10. After our outbreak closes, we will review the tracking data to help us decide if masks can be lifted for team members.

Visitors experiencing any symptoms, listed on the [Centers for Disease Control and Prevention's website](#), should refrain from visiting their loved ones. We highly encourage visitors to wear masks when visiting.

Weekly updates will be provided on new COVID-19 cases and outbreak status. Questions can be directed to me at nscherr@millersgrant.org or 410-696-6782.

The Lutheran Village at MILLER'S GRANT | 9000 Fathers Legacy, Ellicott City, MD 21042
